ONE DAY POLYUREA GARAGE FLOOR COATING SYSTEM

POLYUREA FLOOR COATING SYSTEM

ONE DAY

PROFESSIONAL GRADE

POLYUREA

FLOOR COATING SYSTEM

Most epoxy systems come standard with as little as one thin coat of product. With the UV Stable polyurea top coat your Floor will not yellow or fade over time. Our patent pending system allows all steps to be completed in just hours with 4 times the strength of epoxy.

CITADEL IS IDEAL FOR

- Basements, Garages & Warehouses
- Decks & Patios
- Animal Kennels
- Indoor "Low Odor" Applications
- Green-Friendly Environments
- Outdoor High UV Applications

ECO
SAFE

ULTRA LOW
VOCS
& VIRTUALLY
ODOR-FREE

CITADEL Floors environmentally friendly Polyurea floor coatings are an ideal choice for indoor use.

What is Polyurea?

Polyurea is the latest advancement in coating technology providing the best of all worlds. Its extreme durability makes it 4x stronger than epoxy. It's chemically resistant to salt, oil, gas and other harsh chemicals. It's even 98% more flexible than epoxy, allowing for natural concrete movement – Polyurea will not crack or peel.

Polyurea has been utilized for over 25 years in industrial applications such as pipe / pipeline coatings and linings, water treatment plants, manhole & sewer linings, and automotive fascia OEM molded parts. In fact, if you are familiar with spray-on pickup truck bed liners, you are familiar with Polyurea. Fast cure times, flexibility, and abrasion-resistance are all inherent properties of Polyurea, making it a natural choice for the high demands on an average garage floor.

WARRANTY:

Citadel Floor Finishing Systems offer a manufacturer's lifetime warranty against yellowing or fading due to UV rays, and a industry leading 20 year warranty against delamination, cracking, and peeling; when installed by a Citadel Certified Installer.
